CB0ZA Juan Fernandez –update

Team CB0ZA received authorization from CONAF (National Forestry Corporation) allowing them to operate from Cerro El Centinela, which is within the Juan Fernandez National Park. This location gives a clear view so they can put out the best signals possible.

VP6A Ducie Island –update June 22

With operations sometimes hampered by rough seas around the island (not helping the team fix antennas), VP6A continues activity. Picture shows Gregg W6IZT operating:

ET3AA Ethiopia –update June 21

ET3AA is now up and running. One station dedicated to 6m, the other running various bands. Probably activity through the night (Addis Ababa time) on 30 & 40m.

— Make the Honor Roll achievable again by HB9BGV —

It is almost impossible these days for new DXers to achieve the Honor Roll status. With FT8 it should be easier, but the problem is that more than 15 entities have not been activated for more than 15 years. The reasons are:

Nature reserve.

DXpedition is too expensive.

DXpedition is too dangerous.

Amateur radio banned by authorities (North Korea and Turkmenistan).

Once every two years, thousands of athletes from across the globe — from Scandinavia to the Mediterranean, the North Atlantic to the Caribbean and South Atlantic — come together to compete in the NatWest International Island Games. In 1985, as part of their Year of Sport, the Isle of Man set in motion an ambitious plan to bring together athletes from small islands across the world to take part in a new sporting festival dubbed the 'Inter-Island Games'. 700 sportsmen and women from 15 islands landed on Manx soil for what the UK national press called the 'Small Islands Mini Olympics'. Competitors hailed from the Faroe Islands and Scandinavia in the northern hemisphere, the British Isles, the Mediterranean and as far afield as St Helena in the South Atlantic—a 5,000-mile trip.
